

ABOUT US

Red Star Forwarding & Logistics is a specialized global logistics provider for sensitive and regulated cargo. From our hub in the Port of Antwerp, we manage the secure storage, handling and transport of arms, ammunition, explosives and military equipment worldwide.

Our team combines deep regulatory expertise, high-security infrastructure and a global freight network to deliver end-to-end logistics solutions - from consolidation and compliance to international transport and distribution.

Simply put, we move the cargo that others cannot - safely, securely and compliantly.
